

COURSE EQUIVALENCY REQUEST FORM
Edmonds School District 15

IAR205, 206 DRAFTING FOR CIVIL & ARCHITECTURAL ENGINEERING

Instructor: _____

School: _____

Date Completed (Semester/Year): _____

This course is an equivalency course through which students can satisfy more than one graduation requirement. While more than one graduation requirement may be satisfied through this course, students cannot earn more than the total credit a course has been assigned. For instance, a semester course worth .5 credits may not be worth more than .5 credits, a 1.0 credit course cannot be worth more than 1.0 credits, etc. Utilizing equivalencies such as this course allows students to create additional room in their schedule for electives by fulfilling two requirements through one course.

Some equivalencies may not satisfy college admission requirements. Please check with individual colleges and your school counselor for clarification.

For the credits earned in this course for each semester, a student can elect to have both of the following graduation requirements satisfied:

.5 Career and Technical Education (CTE) requirement, and

.5 Arts requirement (QFA050 Arts Met 0.50)

To be completed by the student

Yes, I would like to take advantage of the equivalencies available to me through this course.

Student Name (Please Print) _____

Student Signature: _____

Date: _____

Please return this form with all required student signature and information to the Counseling Office
